fees effective 12/20/2011 by Town Code Chapter 118 per C.G.S. § 8-1c

» Technical Assistance Fee <i>if applicable:</i>	<i>estimate x 150%</i>
<i>If [the PC, ZC, ZBA, or IWWC] finds that the nature and intensity of any proposed development may have a significant impact on the site and its surrounding areas or that an application to change the Map or Regulations of any board/commission may substantially affect regulated areas, then the Town may require additional technical assistance, which term shall also include legal assistance, in evaluating an application in accordance with its regulations. The Town will estimate the expense of the additional technical assistance based on a preliminary estimate prepared by a qualified party or expert, plus 50% for contingency, and deposited with the Town. The applicant will pay the Technical Assistance fee simultaneous with submission of any application for permit or prior to review of the application. Upon completion of the technical review, including any conditions of approval made in the final action by the board/commission on the application, the Town will determine the costs incurred, pay the invoice of the qualified expert, and refund the excess monies to the applicant. The applicant will not be responsible for costs incurred for technical assistance that exceed 150% of the commission's estimate.</i>
